AD meeting will be scheduled for Thursday, June 18, 2020. Still to be determined if in person or by Zoom.

The NJCAA has indicated they plan to have decisions made for fall sports by June 19, 2020.

Open Discussion

Question was posed if the NJCAA National Office would be providing a survey to the membership to determine what the institutions are considering for return to campus. It would be encouraged to make an informed decision based on data gathered from the membership. The decision to not participate by an institution impacts region, district and national levels.

Question on the declaration process and if it will be pushed back if fall sports are moved back.
